## Door/Drawer Front Order Form #1

### Customer Information

- Fill in all header information to insure your order is processed correctly. Missing information may cause a delay to your order.
- Fill in the page number. Since it is possible for pages to separate during transmission, numbering them ensures that your order is processed correctly and in a timely manner.
- Use unique purchase order numbers or names for every purchase order submitted to Conestoga. This will help eliminate duplication of orders.

### Door and Drawer Front Information

#### Design

- In the space provided, enter the door design and drawer front design. Design selections can be found in sections 4, 5 and 6 of the Custom Product Manual.

#### Thickness

- Choose between the 3/4" or 1".

#### Grade

- Select choice of grade. See your Custom Product Manual for details about specie and grade characteristics.

#### Specie

- Enter the wood specie in the space provided. When choosing Maple, specify hard or soft. When choosing Birch or Oak specify red or white.
- Not all designs are available in all species. Specie offering and availability can be found with each door design in your Custom Product Manual.

#### Profiles

- See the Design Options section of the Custom Product Manual for a listing of the available panel raises, edge profiles and framing beads for each door design.

##### Panel Raise

- Enter the panel raise in the space provided.
- Please note that some panel raises are only available in 3/4".

##### Edge Profile

- Enter the edge profile in the space provided.
- See the Custom Product Manual, Design Options section for edge profile and hinge boring compatibility.
- Please note that the L-297, L-304 and LC-inset edge profiles have an additional upcharge and extended lead-time.

##### Framing Bead

- Enter the framing bead in the space provided. Please refer to the Regular Bead as "Regular" and not "Standard."

#### Finish

- If prefinished products are desired, enter Finish, Glaze and Topcoat Sheen (15° or 40°) in the space provided. Leave blank if ordering unfinished products.
- Not available in all finish combinations. Finish offering and availability can be found in Section 8 of the Custom Product Manual.

#### Grain Direction

- Doors will be manufactured with vertical grain direction unless specified otherwise. Horizontal grain direction can be requested.
- When ordering drawer fronts, choose between horizontal and vertical grain. Horizontal grain is standard on most drawer fronts unless specified otherwise.

#### Special Instructions

- Please indicate any special options that pertain to the entire order. Any other Design Options, such as hinge boring, specific framing widths, panel routing, sanding options, weathered grain, etc. should also be entered here. Refer to the Custom Product Manual for all available Design Options.

#### Door and Drawer Front Details

- Qty: Enter your desired quantity here.
- Width/Height: Enter door or drawer front size.
- Instructions: Enter any specific information for the listed product. Options that can be entered here include, but are not limited to: frame only, multi-panel instructions, specific number of lites for mullion doors, appliance panel information, or special edge profiles.

### Miscellaneous Items

- This space can be used to order items other than doors and drawer fronts. Please note that additional order forms are available for many of our ancillary products.
